The foundation of Cabin Creations remains the same – high quality, unique items with a focus on cabin décor. However, we have strived to add our own touch to this idea, from the rearrangement of the store layout to the new items that we bring in. We work hard to provide personalized service and attention to detail so that you can have a great shopping experience. Even with our hard work, it would be all for nothing if not for you, our wonderful friends and customers!

We hope that you will come and celebrate with us August 1st through 3rd. We are not only celebrating our time here at Cabin Creations, but also all of you! There will

be sign up to win a \$50, \$25, or \$10 gift certificate. We will also be sampling some of our favorite treats. All that stuff!

We often get the question, where do you get all that stuff? Honestly, it is no easy task to keep our shelves full. We buy our items from over 100 different companies!

So, how do we find them in the first place? One of the main places to find products is through a wholesale gift show. We are fortunate that we have a quite nice gift show in Minneapolis called the Minneapolis Mart. They have six major shows a year, plus other smaller shopping days throughout the year. We will be heading there August 8-9 to see what is new. This past winter we traveled to a very large show in Las Vegas where we found our upholstered Aspen furniture. The largest gift show is in Atlanta, some day we hope to go there as well.

Besides gift shows, we find items in trade magazines, online publications, and even through Facebook. We have also purchased products based on recommendations of our customers. Most of our existing companies come out with new products once or twice a year which keeps things fresh and on trend. We will continue to seek out new products and keep our standard items fully stocked too. If you have a suggestion of something you would like to see, please let us know and we'll check it out!
