Holiday Open House

The holiday season is right around the corner, and we are ready to kick it off with our annual Holiday Open House! This is one of our favorite, and busiest, events of the year! We have even done some rearranging in the store to accommodate all of our great holiday décor and expanded every day gift items. Stop by on Saturday, November 4th from 9am-4pm to get the first look at our holiday décor, enjoy delicious food samples, and enter to win some great gift baskets! During the holidays many of our items are one-time orders, meaning that we are unable to reorder when we sell out. So, we suggest that if you see something you like, you bring it home with you that day! Homespun and the Top Drawer Boutique will also be holding Holiday Open Houses, and The 5 Senses will be hosting a Kitchen Extravaganza on the same Saturday. It will be a fun day to visit Phillips and get an early start on your holiday decorating and shopping!

Personalized and Special Order Gifts

We offer many personalized and special order gifts, including lake maps, personalized signs, carved rocks, and others. Most companies with personalized items have deadlines of mid-November in order to ensure delivery before the holidays.

Our final Amish furniture delivery is scheduled for mid-December, so orders need to be placed in mid-November as well to have enough build time.

Many of our standard items have order times of 2-4 weeks, so we appreciate your planning ahead! We'll do our best to help you find the perfect gift in time for the holidays!

Crazy Aaron's Thinking Putty

We are excited to introduce a fun, new children's product, the award-winning Crazy Aaron's Thinking Putty. We always like to share good background stories to our unique products! Aaron had always had a penchant for putty. In 1998, Aaron figured with all the advances in science and engineering made in the last 30 years, there had to be ways to improve putty. He taught himself chemistry and physics, and quickly realized his unique product's creation process was so sensitive, he needed to build his own factory. As his business grew, so did his desire to give back to his community. Today, he works with seven Philadelphia-area vocational centers to employ many exceptional individuals with intellectual and physical disabilities. We are excited to share this new product with all of you and think it will make a great gift for the holidays!
