What a Winter!

What a CRAZY winter we have had! We certainly seemed to experience all the extremes – cold, rain, ice, and snow, snow and more snow! It's sure to be a messy spring with so much snow to melt. We ask you to use caution when parking in front of the porch due to melting snow, and while walking in the parking lot due to melting and refreezing. We do our best to keep up with it each day, but sometimes the weather changes before we can get outside!
