## New Furniture Company: 2-Day Designs

We are excited to announce the arrival of a new furniture line, 2-Day Designs. The company is based out of Georgia, with a focus of using reclaimed wood. They got their start by building accent and occasional tables from lumber from the old Sears Catalog Distribution Center in Atlanta. As supplies from one source ran out, others were found, with their latest and most readily available being retired wine barrels. Some 800,000 oak barrels are produced each year, many of them ending up in gardens or simply destroyed. 2-Day Designs estimates they have saved over 15,000 barrels so far. From wine racks to occasional tables, there are over 50+ designs available in the collection, with additional pieces made of other reclaimed wood. Many of the products bear the branding and vineyard handling markings, as well as color variation, distressing and wood character which adds to this hand-made furniture line.

We have a variety of items from 2-Day Designs in stock, with wood finish samples and a catalog with pricing available for all other items in the line. A few of the products are even able to be personalized with initials, last names, or cabin names. Order time for items not in stock or special orders is 3-6 weeks. We feel that 2-Day Designs adds a new dimension to our furniture offerings. It is rustic, without being "log", and is available in darker colors than the natural wood our Amish-builder uses. Stop by to see this unique addition to our store!

## Holiday Gift Wrapping

As we shared in our November Newsletter, the Phillips Area Aquatic Foundation is looking to raise funds to build two care giver locker rooms at the Phillips Community Pool. The locker rooms will have a shower area, toilet, sink, and lockers. They would be available to families with small children unable to change alone in the regular locker rooms, as well as anyone who may have disabilities that would require assistance from someone. The expectant construction date is July 2015.

This holiday season, if you choose to have us gift wrap one of your purchases, we will be asking if you are interested in making a donation to this project. Of course, there is no obligation to do so, and no minimum amount. However, if you are able and willing to donate, we will happily turn in your donations, as well as add our own, at the end of the holiday season. We are eager to help the PAAF reach their goal to create a facility that will meet the needs of many families in our community.
