Thank you for your patience!

There is no doubt that 2020 has been a very challenging year. And there seems to be new hurdles each week, heck, even each day! Our community is experiencing a spike in cases now, which effects all of us in different ways. Please stay tuned to our social media for any updates that may affect our store hours. In addition, the supply chain continues to see significant delays. The delays are unpredictable and vary – from supply shortages, to staff shortages and everything in between. We really appreciate your patience right now. It's frustrating for all of us! We know you want your orders, and we would like the opportunity. The current delays in ship and production time right now include outdoor furniture, Yankee candles, rugs, mattresses and other textiles. We have many items on order for people and we simply don't have the time to call each company and customer, especially because a lot of the times the companies don't have a solid answer for us. We appreciate your support for our small business, even when it may be the more complicated choice!

Darn Tough Socks

We are excited to introduce Darn Tough socks to our store! These socks were formally at The Crazy Loon, and were too good to let go from our community. They are made in Vermont and it's all they do – make really, really good socks. In fact, they are so proud of their work, they offer an unconditional lifetime guarantee. If their socks are not the most comfortable, durable and best fitting socks you have ever owned, return them for another pair. No strings. No conditions. Socks guaranteed for life. Pretty great, right? We have men's, women's and kid's styles available, from super thick for the outdoor enthusiast to every day hikers, and even some for running. You won't be disappointed with these socks!

Check out Darn Tough socks, as well as many other new additions in our recently rearranged back room. They are located behind our decorative fire place. You'll also find a larger selection of clothing, every day socks, Kavu bags, and more.
