## **Hop On In for Spring Décor & Gifts**

With temperatures hovering at or above freezing and a number of sunny days, we have spring fever! We have updated many of our displays with spring décor, garden flags, floral and more!

## **Waterfalling in Wisconsin Book**

This book was a definite best seller in 2020 with the push to spend more time outdoors. It's not too early to grab yours and plan out some trips for this year. Plus, waterfalls are pretty cool during spring runoff! My aunt had a great idea – she writes in her book with the date visited and any additional helpful information!

## **Thank you for your support!**

Thanks to your generosity, we have raised \$1750 for Flambeau Home Health & Hospice! We are blown away by your support, and are happy to know so many of you feel the same way as we do about the importance of this service for our community. Thank you again for your generosity!

### New Product Spotlight: Speks

We are excited to introduce Speks, the “world’s greatest magnetic desk and fidget toy. These magnet toys, designed for adults, are available in 3 different products. The original Speks are 512 2.5mm magnetic balls that are mashable, formable, and fun. Geodes are 12 magnetic pentagons that are clear on one side, colored on the other, and have a magnet on each side. Fleks are 8 super bendy silicone pieces with magnetic ends and magnet base. All of these fidget toys are intended for use for ages 14 and up because of the small magnet pieces, and are not for homes with small children. That being said, these Speks are totally addictive! It’s a great distraction from fingernail biting, or even just too much screen time!
