Thank You For 10 Years

WE ARE HERE BECAUSE OF YOU!

August 1st is our official 10 year anniversary. If you would have told me 11 years ago that I would be celebrating a 10 year anniversary of own Cabin Creations, I would have laughed right out loud! Going from teaching and driving in Tomahawk to owning a gift store was certainly a switch. We were so thankful that the Heemeyers (the previous owners) were so helpful to us and answered our every (and nearly daily) calls, as well as their staff to helped us get started as well. We've learning a lot, made some mistakes, laughed, cried, cried so more (thank you covid) and met some truly amazing people along the way. We also have to thank Judy Dahl for being with us for the full 10 years. She started with us on July 30 and 31st of 2012 doing inventory before we officially opened on August 1st. Her help has allowed us to spend time with our kids, go to buyer's markets, and participate in community activities and we are so very thankful.

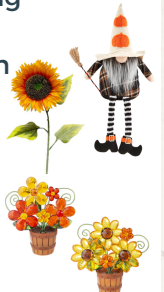

So, what does the future hold for Cabin Creations? We're not quite sure! We'll continue to find unique, high-quality gifts and home décor. We'll laugh and smile along with all of you. We'll be "the fun shop" that you visit when you come north, or the go-to spot for a birthday gift for a friend. And we'll always be thankful for our supportive customers!

Fall Décor Coming Soon!

NEW STORE DISPLAYS BY MID-AUGUST!

Yes, fall will be here before you know it. In the retail world, we have to get you thinking about those seasons a little early, although we do hold off fall a bit longer than others because are summers are so short that we don't want to push them away! Soon after our anniversary celebration we will be working to change the displays in our store to fall-themed.

Just a few of the items we will have include garden flags, mailbox covers, artificial floral, table linens, candles, children's items, home décor, and of course, gnomes. We will send and email and post on social media when we have the store set. And save the date of Saturday, October 1st for Fall Harvest Fest!

New Outdoor Toys

APPROVED BY THE HARPER GIRLS!

You know a product is good when a friend shares the idea with you! In July a friend showed us these really fun, unique, yet reasonably priced outdoor toys she had purchased while shopping in Door County. After a little research online, we found them and are excited to introduce, Waboba toys! Waboba is a company that originated in Sweden with the invention of the "ball that bounces on water." They then created Moon Balls (super bouncy balls) Wingman discs (silicone frisbees) and much more! They use plastic free packaging and believe that kids, and adults, should play Waboba once a day to experience an improvement in mood and general well-being. Speaking from experience, my kids (ages 14,10 and 6) and myself all really like these toys! The one that sold us was the Air Lift. It's a hollow cylinder shape with a silicone end that can fly really far. We've played with them all in our yard, when out for a walk, while camping and more!

Super-bouncy Moon Balls and light up Moon Shiners!

Light up silicone frisbees.

Water skipping balls for the lake or the pool.

Air Lift hollow throwing tubes.
