## The Sticker Fad

### JOIN THE CRAZE

Stickers have become a prevailing fad in recent years with both adults and kids alike. Stickers provide a creative outlet and personalization on items such as laptops, water bottles, refrigerators, car windows and phone cases.

For me and many others, stickers also offer a sense of nostalgia, reminding me of childhood when sticker collections were a BIG deal. The accessibility and affordability of stickers also contribute to their

current fad status, as a quick and inexpensive way to commemorate a trip, a favorite food, a funny slogan, or a happy memory.

We offer a fun and vast variety of stickers from many companies, including personalized Phillips and Up North stickers, and new mini sticker arrivals which are so darn cute and fun! Check out all of the options near the counter.

## Music in the Park

### FREE EVENT THURSDAYS AT ELK LAKE PARK
