Don't forget the splash pad (active 10am-8pm) and playground down at Elk Lake Park and tours and activities at the Wisconsin Concrete Park. Our favorite rainy day activities include the Phillips Public Library and the Phillips Community Pool. Check out their websites for hours and programming available. There's lots to explore here!

NEW PRODUCT SPOTLIGHT

Since 1983, Premier Kites and Designs have been making high quality outdoor items by using the dwindling art of back-cut appliqué manufacturing. With over 3500 designs available in three product categories, they are clearly the experts!

We've chosen just a few garden items that we thought would be a fun fit for the Northwoods - windsocks, windspinners, and windicators. A windicator shows the direction of the wind, and the windsocks and windspinners had color and fun to your yard. Check out all of our options in store!
